NE
A NEW APPROACH

We believe in the real need for CATHOLIC MEDIA and its place as a key tool for effective evangelization and faith formation – disciple making. A huge proponent of reading the daily Gospel, Pope Francis tells us:

“THE WORD OF GOD IS THE LIGHT FOR OUR JOURNEY. IT WILL DO YOU GOOD.”

Thanks to a new endeavor of the Archdiocese of Baltimore and Catholic Review Media, you will be able to receive your daily dose of the Gospel and then some. A NEW COMMUNICATIONS PACKAGE will play a powerful role in knitting together our faith community, offering:

- A new MONTHLY MAGAZINE format for the Catholic Review, providing in-depth analysis, inspirational stories and practical tips for living a vibrant Catholic faith
- The FLOCKNOTE communications tool, providing your parish the ability to send out communications via text messages and email that are targeted to the entire parish or select groups. E-Newsletters will offer news updates from the Catholic Review
- The MYPARISH APP that gives your parishioners easy-to-access parish information, prayers, news feeds from the Catholic Review, daily Mass readings and more

Catholic writers, editors, videographers and social media creators bring news and information about our faith to our parishes, dioceses and nations. By doing so, Catholic Review Media helps INFORM, TEACH, INSPIRE AND ENGAGE the people who live in our parishes and the Archdiocese of Baltimore. We don’t live in a virtual world but in a very real one.

WHAT DOES THE STRATEGY DO?

1. It supports the work of the archdiocese and the mission of evangelization through a comprehensive integrated communications approach.
2. It aligns communication content, technology and social media to grow the engagement of Catholics and others who want to be fed and move to the next level of discipleship and engagement.
3. It gives parish communities and pastoral leaders access to dynamic tools to reach parishioners that can result in an expanded reach of the Church at all levels.

WHY THIS APPROACH?

1. The Church is called to evangelize and form people in the faith. “There is no evangelization without communication” (Archbishop Claudio M. Celli, president of the Pontifical Council for Social Communications).
2. Using multiple platforms to inspire people helps keep the faithful informed and engaged about their faith and the Church community, and provide a valid source of information.
3. Parishioners are listening to a range of channels and are at various levels of engagement.
4. Ordinary and easy-to-use communication tools, such as email and apps, respond to the consumption habits of people with minimum training requirements.
5. Cross-promoting is strengthened through the use of FlockNote and myParish App that pairs and links social media tools to provide a blend of push and pull communication tools.

VALUE AND BENEFITS

1. Consistent archdiocesan-wide tools that are easier-to-use create more frequent and informed communication.
2. The most effective way to tell our story is to have an easy-to-use, yet comprehensive way to speak where people are listening with language that is relevant, timely and engaging.
3. Recipients determine what, when and how they want to be engaged and can be more easily engaged in conversation through dynamic tools and platforms.
Get Started

AN INVITATION

CATHOLIC REVIEW MEDIA of the Archdiocese of Baltimore invites ALL parishes to take advantage of the excellent communication platforms and resources that are now available. These platforms include printed and digital monthly CR Magazine, weekly e-newsletters, a parish communications system (Flocknote) and a parish app (myParish App). This in addition to expanded social media and websites.

IMPLEMENTATION PHASES

PHASE I: OUTREACH
Notify parishes and share information with pastors and key staff. Tasks include regional meetings with pastors during September and early October. During this time early adopters are also being engaged.

PHASE II: ENGAGE LEADERS
Parishes register and identify parish communication coordinators. Tasks include pastor, PLD or designee registering the parish online, parish leadership verifying databases, training of parish communication coordinators and team members and planning their parish promotional strategies.

PHASE III: GET STARTED
Two primary tasks comprise this phase. First, it is the time to provide training and resources to the communication coordinators and their team so the communications team can be ready for phase 4 (Get Connected) in the parish. Second, it is the time to begin promoting, inspiring and engaging parishioners in the various tools through bulletin and pulpit announcements, meetings, etc.

PHASE IV: GET CONNECTED
This phase is focused on the Get Connected Weekend and weeks following. It is the time for parishioners, at Mass and other times, to send the “text” message to Flocknote that will initiate enrollment in the parish Flocknote group(s) and link to download the myParish App.

PHASE V: POST LAUNCH

WE HELP VIBRANT CHURCHES LIKE YOURS CONNECT WITH THEIR MEMBERS
Text messaging and email are still the best way to do it.

4 REASONS TO USE FLOCKNOTE

1. THE ONE-TWO PUNCH OF TEXT MESSAGING AND EMAIL
With so many social networks, mobile apps and communication tools out there, it’s easy to forget that text messaging and email (Flocknote’s specialty) are still the most important and effective! How would you like to reach triple (email) or 5-10 times (text messaging) the number of people who read the bulletin, your website or any other channel?

2. GATHER MEMBERS’ MOST IMPORTANT CONTACT INFORMATION
Import the contacts you already have, then let your members connect with you (or update their info) via a link or their mobile phone using our text-to-join feature. Many churches actually double their number of contacts in just a few minutes on a single Sunday using Flocknote.

3. CAPTURE REPLIES, RSVPS, VOTES AND ANALYTICS IN ONE PLACE
Anytime you send an email or text message, Flocknote captures open rates, bounces and everyone’s direct replies, RSVPs and votes all in one place for you.

4. WE LIKE SIMPLE (SIMPLE WORKS!)
Simple concept. Simple interface. No software to load. Training takes less than an hour. Time is precious for parish staff and volunteers, and we recognize that. So, Flocknote helps you communicate more effectively in less time.

HOW FLOCKNOTE IS DIFFERENT FROM ...

EMAIL MARKETING AND OTHER GROUP TEXTING TOOLS
Flocknote is made for ministry! First it’s much simpler and quicker to use than other tools (so your staff and team can use it, too!). Second, it includes BOTH email and text messaging whereas most other tools only do one or the other.. Third, Flocknote has a host of additional benefits, such as a simple interface, text-to-join for easy registration, direct replies, the ability to capture all your members’ replies in one place, polls, RSVPs, and more.

10 WAYS TO TRANSFORM YOUR PARISH

1. SPECIAL EVENT OR HOLY DAY REMINDERS
Send a reminder text the day before with Mass times (and see how many more people show up.)

2. LAST-MINUTE CHANGES
When bad weather hits at the last minute and you have to change plans, send a text.

3. SEND YOUR BULLETIN IN A DIGITAL FORMAT
You probably have the bulletin in PDF format, so send out an email with it attached, or even create a digital version.

4. GET QUICK FEEDBACK
Poll your members with a short text, then watch the direct replies (captured all in one place) roll in.

5. LETTER FROM THE PASTOR
A weekly email from the pastor can go a long way in engaging the parish loners and making them feel welcome.

6. PRAYER REQUESTS
Whether it’s an individual text or a weekly email of prayer requests, keep parishioners in the loop and praying.

7. REMIND VOLUNTEERS
Volunteers are busy people. Use Flocknote to remind them of dates and times for your next event.

8. GET TIMELY RESULTS
Use a text as a quick way to remind folks to turn in permission slips, commitment cards or other paperwork.

9. SAY THANKS
Send a text that simply says ‘thank you’ in a kind way. Don’t ask for anything and be creative.

10. PRAYER REQUESTS
Whether it’s an individual text or a weekly email of prayer requests, keep parishioners in the loop and praying.

The staff at the app is very attentive to any issues and want to quickly address any bugs that we have found. They are dedicated to their product, their ministry. I highly recommend this app and working with their team.”

- rop1972

  via Apple App Store

“Love the app. This is an ingenious idea for getting the Gospel to our parishioners using the technology of the day. And you guys are always on to of the current needs of the parish. Thank you for your ministry.”

- Steve

  Our Lady of Perpetual Help, Diocese of Corpus Christi

**FLOCKNOTE**

“Flocknote is a fabulous and easy to use communication tool for parish-based organizations. Solves the challenge of sending bulk emails and texts easily with well-formatted messages.”

- Fr. Jarlath Quinn

  Church of St. John the Evangelist, Mahopac, N.Y.

“Our parish just started using Flocknote and I’m impressed with how easy it is. Yesterday I remembered while on a Pilgrimage that I needed to send a Flocknote about a cancelled event. Fortunately, I was able to do this from my phone. As other parish members on the trip saw their texts they smiled and said, ‘So that’s what you’re doing from the back on the bus.’”

- Diane Squiers

  St. Elizabeth Ann Seton Parish; Crystal Lake, Illinois

“With this new, easy way of keeping connected, our parish is on board and finding it useful, especially during difficult winters with cancellations. Notices go out fast and the ‘flock’ appreciate the timely information with their hectic schedules.”

- Florence Zuvich

  Our Lady of the Sacred Heart, Tappan, N.Y.

“Flocknote works well with the young people in the parish. I love it! We use it to send information and reminders all the time. Flocknote has saved me lots of time and allowed me to bring Jesus to our youth through their favorite method of communication (texting).”

- Fr. Adaly Rosado

  Church of the Incarnation, New York, N.Y.
